Provincial Secretary's Office,

16th May, 1904.

PART IV., "WATER CLAUSES CONSOLIDATION ACT, 1897."

(1.) This is to certify that the "Nanaimo Electric Light, Power and Heating Company, Limited Liability," granted under the provisions of the "Nanaimo Electric Light, Power and Heating Company's Act, 1898," the like powers, privileges and priorities as a Power Company duly incorporated in compliance with the provisions of Part IV. of the "Water Clauses Consolidation Act, 1897," has submitted its undertaking to the Lieutenant-Governor in Council for approval, and that the said undertaking, as shewn by the documents and plan filed, has been approved, and that the same is as follows:—

To exercise the corporate powers of a power company upon the lands on the north side of the Millstone River between Block X., Newcastle Town, Vancouver Island, and a point on the boundary line of the City of Nanaimo where it crosses the Millstone River at Block XV., Newcastle Town, and also, so far as the supply of power is concerned, within the City of Nanaimo and a radius of fifteen miles therefrom, as authorised by the "Nanaimo Electric Light, Power and Heating Company's Act, 1898."

That for the purpose of generating power, the Company has applied for two thousand inches of water to be taken from the said river, such water to be diverted from the river at a point two hundred yards below the bridge on the Nanaimo-Wellington Road, and to be conveyed from such point of diversion by a ditch or flume and pipe-line along the north side of the river a distance of six thousand five hundred feet, more or less, to the power-house, at a difference in altitude between the point of diversion and the point where the water will be returned to the stream of one hundred and sixty-seven feet.

To acquire land as a site for a power station of about one hundred feet by fifty feet upon the eastern boundary of Lot XXIV., Newcastle Town, and land as a right of way of about ten to fifteen feet in width along the line of the intended flume. To erect a power house of the requisite dimensions, and to construct a flume not exceeding five feet in width and three feet six inches in depth and approximating four thousand feet in length, to connect with a pipe which will deliver the water under pressure to a wheel of modern type with adequate power for the operation of dynamos of sufficient capacity to generate electricity to meet the requirements of the business of the Company in the city of Nanaimo and vicinity:

(2.) And this is further to certify that the estimated cost of the undertaking and works, including water and lands to be purchased, the construction and operation whereof is to be presently undertaken by the Company, is from fifteen thousand to twenty thousand dollars.

(3.) And this is further to certify that the time within which the said undertaking and works are to be commenced is fixed at two months from the date hereof, and the time within which the proposed undertaking shall be in operation is fixed at twelve months from the date hereof.

NOTICE.

RESPECTING COAL AND PETROLEUM LANDS IN SOUTH-EAST KOOTENAY.

NOTICE is hereby given that licences to prospect for coal and petroleum upon and under lands situated within Block 4,593, South-East Kootenay, will be issued forthwith to all persons who have made proper application, in pursuance of the provisions of the "Coal Mines Act" and amendments.

The fee for each licence will be \$100, and all applicants who have not deposited accepted bank cheques to cover that amount are hereby required to do so without further notice.

Licences will be issued in the following form, viz.:—

"MINING LICENCE ISSUED UNDER THE COAL MINES ACT AND AMENDMENTS.

"In consideration of one hundred dollars now paid under the said Acts, and subject to the provisions thereof, I, W. S. Gore, Deputy Commissioner, acting for the Chief Commissioner of Lands and Works, licence to enter, prospect, search and work for coal and petroleum (but no other metal or mineral) upon, in and under all that piece or parcel of mineral land situate in and forming part of Block 4,593, East Kootenay District, and described as follows:—

and not exceeding in the whole six hundred and forty statute acres.

"Owing to the number of applicants for licences to prospect for coal and petroleum, and the peculiar circumstances surrounding the application for and issuance of these licences, and the well-known fact that the issuance has been unavoidably suspended for so many months, the Government of British Columbia finds it impossible to determine the equitable rights of the numerous applicants. Therefore, for the purpose of enabling all persons to go before the proper tribunal for the determination of their respective rights and priorities, this licence is issued and accepted subject to

such prior rights of other persons as may exist by law, and the date of this licence is not to be taken or held as in any sense determining such priority, and further it shall not be taken or held to waive enquiry by the Courts into the proper performance of all conditions precedent as between adverse claimants; and further, on the understanding that the Government shall not be held responsible for, or in connection with, any conflict which may arise with other claimants of the same ground, and that under no circumstances will licence fees be refunded.

"And the holder hereby waives any claim or demand against the Government, and expressly agrees not to take any steps or proceedings, or present any petition, to enforce any alleged claim or demand against the Government of the Province of British Columbia arising out of the issuance of this licence or of any other matter or thing appertaining thereto.

"The land being under reserve from pre-emption and sale this licence does not include any right other than the right to prospect for coal and petroleum.

"The duration of this licence is for one year from the , 190 .

operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published.* At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. 61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or
